Forum Asks Support For Discussion Group

Members of Montana Forum appeared before Planning Board last night to ask support for the formation of a faculty-student committee to discuss issues relating to the University community.

This committee, to be composed of members appointed by the Faculty Senate and Central Board, would meet in an effort to pull the student body and faculty closer together through discussion of pertinent problems.

The Forum members said students need more information and experience with the functions of the University and they need a place to raise questions and to express their points of view. They felt this committee would solve the problem.

Some of the issues which the committee would discuss are student fees, limited enrollment, stu-

dent government, attacks on the university community, patterns of teaching and athletic programs.

Bob Worcester, a spokesman for the group, asked that Planning Board appoint a representative to work with Montana Forum in seeking the formation of the committee. After Planning Board accepted the proposal, Chairman Tom Behan appointed Paul Reager as its representative. He said the proposal would also be presented to Central Board tonight.

In other action, Planning Board approved bylaw change which would enable the band to receive a set percentage of the ASMSU budget rather than going through Budget and Finance committee. The band would then know how much it had to spend for the next year in the spring. This would allow them to buy needed instruments and have them here for use in the fall.

Registration Fee Payments Now Required

Students who cannot pay their fees during the pre-registration period will not be allowed to pre-register.

Pre-registration procedure is: get packet at Main Hall and have adviser sign the number two card, go to U205 (Main Hall Auditorium) for billing, pay fees at the business office, return to U205 to pick up course cards, turn in packets and obtain a receipt, then take the receipt to the business office to obtain an activity ticket.

Unless work interferes, one-third or more of the students' class hours will be scheduled at noon or later.

Grading seniors who have submitted their applications for graduation and must change classes may obtain a change-of-application sheet from Dorothy DeMiller, admission and graduation assistants. To change his schedule, a student must list his changes, have his adviser sign the sheet and submit it to Mrs. DeMiller.

U Library to Get Films of Papers

Friends of the Library and the University have agreed to purchase microfilms of presidential papers. Also, several original manuscripts will be given to the MSU library.

The purchase of microfilms of presidential papers from the McKinley-to-Hoover period was approved at an estimated cost of \$15. Presidents of the Library and the University each will pay half of the cost.

The original manuscripts of several published books will become part of the library collection. They are Dorothy M. Johnson's "Some Went West," Mrs. Helen Adison Howard's "Northwest Trail Blazers" and Mrs. Louis Lenks's collection of children's books.

Students Faking Phone Calls, Company Supervisor Charges

MSU students have been placing fraudulent long-distance telephone calls, according to William E. Martin, security supervisor for Mountain States Telephone.

Although the names of several of the violators are known, said Mr. Martin, they will not be prosecuted if the misuse of the telephone system ceases.

Mr. Martin presented a list of a series of long-distance calls which had been charged to a fictitious telephone credit card number. In

Suspenders and Cigarette Taxes

The three-cent-a-pack proposal to finance state buildings through cigarette taxes is dead. Maybe we should applaud the efforts of the Democratic majority in tearing apart the governor's plan for financing construction of state buildings.

We agreed from the beginning that Gov. Babcock's proposal to place a \$5 filing fee on state income tax returns was at best a haphazard method of producing a portion of the increased revenue necessary to finance the building program.

But we were optimistic about Gov. Babcock's proposal to use cigarette tax monies to furnish part of the funds necessary.

In retrospect it's easy to see why the Democratic majority defeated the cigarette tax proposal.

First, construction of state buildings is a public responsibility. It should not be left to smokers to build classroom buildings and science complexes.

Taxing smokers to finance state buildings is like using your necktie in place of a pair of suspenders. A necktie is fine for holding your collar closed, but hooking one up to a

pair of pants is liable to cut off the circulation to your head.

Similarly, taxing smokers to finance cancer research would be fine, but taxing them to do a job that is the responsibility of every one of us just isn't right.

Secondly, the tax initially was enacted through public initiative. The money was earmarked for veterans' bonuses. That and nothing more. To divert the money to some other use without again submitting it to the voters would be a gross misfeasance.

Thirdly, even if we ignore the first two points, a minor practical consideration remains. What would happen to the building program if state residents finally awakened to the dangers of cigarette smoking and gave them up for good? Thinking in terms of the future, the idea doesn't seem so outlandish.

While we don't like the prospect of increased state income taxes, the Democrats' proposal to add a 10 per cent surtax to personal income taxes is better than the original plan.

We're glad that they've seen fit to increase funds for the building program from \$10 million to \$15 million.

Journalist Claims Need for New Club Stressing Optimism and Dignity of Life

To the Editor:

We need another campus organization. It would be based on these principles:

1. Although some people are absurd, life is not; life is good and we are glad to have it.
2. We retain the right to laugh (kindly if possible) at absurd people, but we will never sneer at life.
3. A member who becomes hopelessly infected with the prevalent idea that we're all worms together and nothing is any use will be encouraged to depart from our company.
4. If a member becomes convinced that he himself is an absurd worm, we will give him sympathy until he proves it. Then we will eject him from our society so that

he can seek his own level.

5. We will not babble about whether this is the best of all possible worlds but will accept with grace the fact that it's the only one we have at the present time.

6. We will endeavor to live in it, and inevitably leave it, with dignity and without whimpering, believing that, although we may become food for worms, they will not be committing cannibalism.

MSU Faculty Senate Supports Law Prof's Right to Sign Petition

The Budget and Policy Committee of the Faculty Senate Tuesday passed unanimously a resolution supporting Prof. David Mason's right to sign a petition asking abolition of the House Committee on Un-American Activities.

The action was spurred by recent attacks and criticism of Mr. Mason, a law school professor, for signing a petition which the Young Americans for Freedom say is backed by a Communist group.

Melvin C. Wren, chairman of the Faculty Senate, said the action of the Budget and Policy Committee speaks for the entire Senate. The text of the resolution is as follows:

"The Budget and Policy Committee, executive committee of the Faculty Senate of Montana State University, recognizes the right of those who have objected to Prof. David Mason's point of view to

oppose his position or to support any matter of principle which they wish to uphold. However, the Committee vigorously insists that Prof. Mason acted completely within his rights as a university professor, and in keeping with the finest tradition of his responsibility as a respected leader in the field of constitutional law—the area of his

Soccer Club Sets Plans for Season

Election of officers and plans for the season were the main items of business at the first meeting of the MSU Soccer Club Wednesday. Fred Rohrbach was re-elected captain, and Jim McKown and Gary LePonsine were chosen co-captains. Members selected purple and gold as team colors and scheduled practice sessions.

Rohrbach announced a tentative schedule including matches with Gonzaga, Washington State, Idaho and the Billings and Calgary soccer clubs. He also announced a four-team tournament in Missoula.

particular competence—in signing a petition to the United States House of Representatives to abolish the House Committee on Un-American Activities and leave the House Committee on the Judiciary to deal with matters of internal security. The fact that Prof. Mason has signed the petition does not bring into question his integrity, his competence, or his loyalty.

"To leave unchallenged any attack upon the right and the obligation of a professor to advise agencies, public and private, on matters properly falling within the professor's area of competence is to render a gross disservice to the public interest and welfare, whose cause members of the university faculty are employed to serve."

Hawaii's Rainbows Outshine Tips 73-69

By JOE HOPPEL
Kaimin Sports Reporter
 Hawaii's Rainbows, sparked by deadeye Dennis Chai's 25 points, upset Montana 73-69 last night in the Field House. The win snapped a seven-game Islander losing streak.

Chai, a 6-3 forward from Honolulu, hit 11 of 17 field-goal attempts, including nine in a row.

Chai, Roy Walker and Rolf Olsen led a first-half Hawaii spurt that put the game out of reach for MSU, although Ron Nord's Silver-tips rallied in the closing minutes.

Montana trailed 69-60 with three minutes left. A free throw by Glenn Smith and buckets by Ed Samelton and Gary Peck narrowed the gap to 69-65 with 1:38 left.

A free throw by Ramsey and another basket by Peck made it 70-67. Chai then hit a charity toss, but Samelton came back with a jumper to whittle the lead to 71-69 with 35 seconds on the clock.

But Chai, proving he could hit from the line as well as the field, hit free throws with 31 and 20 seconds left and Montana's chances of a 500 season were killed.

Montana, now 9-14, has three games remaining. The Tips clash

with arch-rival Montana State Saturday in Bozeman and play the University of British Columbia here Feb. 26 and 27.

Hawaii led 19-18 with nine minutes left in the first half when Chai and Olsen hit two baskets apiece and Walker added a field goal and free throw as the Rain-

bows outscored Montana 13-4 and led 32-22 with 3:10 to go.

Ed Samelton and Tom Schilke sparked MSU in the waning seconds of the period and helped close the gap to 38-34 at intermission.

Samelton hit his 400th point of the season with 2:37 left in the

half. The magic figure was reached when the 6-3 guard hit the first of two free throws. He becomes the seventh MSU player to hit the select total in one season.

Chai's 12 points topped HU at the midway point. Walker, the club's leading scorer this year, had 10 and Olsen 8.

Chai was still hot as the second half opened, hitting two jump shots and a layup to account for Hawaii's first six points.

Walker and Olsen were contained in the second half, but Walt Ramsey and little Duke Moscrip gave the Rainbows the lift they needed. Ramsey (6-7) got 10 points and Moscrip, a 5-9 sophomore, hit four key field goals as HU hung on to win its sixth game in 23 tries.

Ramsey, Olsen and Walker aided Chai in the HU offense. Ramsey finished with 16 points, Olsen 12 and Walker 10. Chai led rebounders as well as scorers with 11 retrievals.

Samelton, hitting in double figures for the 22nd time in 23 games, scored 21 points for MSU. Schilke, having his best point production as a Grizzly, added 18, hitting eight of 11 from the field.

Montana, outbreasted by the Rainbows 40-31, got seven from Samelton and six from Schilke.

Hawaii, with Chai canning six of eight, hit 52.9 per cent of its first-half field-goal attempts and 50.8 for the game. The Rainbows made good on 70 per cent of their free throw attempts. Montana hit 49.2 per cent from the field and 64.3 from the foul line.

Ed Samelton (12) screens his man for a possible rebound while the Rainbow's Rolf Olsen (35) rushes in to help. PDT Edges PE Graduates

Bob Benzley's clutch free-throw shooting in the final minute gave Phi Delta Theta, a 63-60 victory over the health and physical education graduate assistants in the preliminary to the Montana-Hawaii game last night in the Field House.

PDT had a one-point lead going into the final 20 seconds before Benzley iced the game with a pair of charity tosses.

The score was tied 28-28 at the half. PDT grabbed a narrow lead midway through the second half.

Kosygin Demands Full Retreat Of U.S. From South Viet Nam

MOSCOW (AP) — Premier Alexei N. Kosygin demanded a full American retreat from South Viet Nam in his first public statement since returning from Communist North Viet Nam and Red China.

Kosygin returned Monday from an 11-day trip to the Far East which included a visit to Hanoi, capital of North Viet Nam. He went immediately into a meeting

with Soviet Communist party leader Leonid I. Brezhnev.

Kosygin's statement appeared yesterday on the front page of the Soviet government paper Izvestia.

It came in a message to a conference in Cambodia, Izvestia carried the full text, indicating that the message could be taken as Soviet government policy.

The message contained the same strong anti-American remarks Kosygin used in North Korea during his Asian tour. It indicated there had been no immediate change in the Soviet policy line on Viet Nam since Kosygin's return.

Protest Right To Investigate Ku Klux Klan

NEW YORK (AP) — The American Civil Liberties Union, although opposed to policies of the Ku Klux Klan, is protesting a proposed investigation of the Klan.

The civil liberties group expressed its feeling in a letter to Rep. Edwin E. Willis, D-La., chairman of the House Committee on Un-American Activities.

Willis announced in Washington that he would be investigating the possibility of investigating the Klan and such other groups as the Black Muslims, the Minutemen and the American Nazi party.

In its letter, the ACLU said: "It has been argued that investigation of the Ku Klux Klan and the other named groups is entirely proper because these organizations go past the bounds of free speech and association and actually engage in acts of physical harassment and violence."

"Primarily, the record demonstrates such activities and we condemn them most vigorously."

But it said the committee has "no authority whatever" to investigate such matters.

Rep. Charles L. Welner, D-Ga., who proposed the Klan investigation in a House speech two weeks ago, said Monday he is against investigating a persons' political beliefs but he thinks the Klan is far game.

Canadians Fly National Flag For First Day

OTTAWA (AP)—Canada's new maple leaf flag flew over all its official establishments Monday, marking its first full day as Canada's national emblem.

The red-and-white flag was hoisted at noon on Parliament Hill in provincial capitals and at Canadian missions and ships throughout the world.

The old red ensign with the British Union Jack in the upper left corner was hauled down.

More than 10,000 cheered as the new flag went up in Ottawa. Prime Minister Lester B. Pearson and Gov. Georges P. Vanier appeared for unity under the new banner.

Conservative party leader John G. Diefenbaker, who fought for six months last year to retain the red ensign, was also present but declined to speak.

The award was presented to the University's basketball coach, LaDell Andersen, in a memorial service before 5,000 students. Robert Myers, chief of the AP Salt Lake City bureau, made the presentation.

North Viet Refugee Heads New Southern Government

SAIGON, South Viet Nam (AP) — A new government headed by Dr. Phan Van Quat, a former foreign minister, and a new 20-member legislative council were installed yesterday by appointment of Lt. Gen. Nguyen Khanh's high command.

Quat called for national unity. He said the formation of the new regime will free the army for further military duties in the U.S.-backed war against the Viet Cong. Quat is a former North Vietnamese who pulled out when the Communists took over North Viet Nam.

A spokesman for the U.S. Embassy said:

"We welcome the end of this interim period and look forward to very close cooperation with this new government."

The legislative council, made up of 20 representatives of the military and various political and religious groups is to serve as a forerunner for a future elected legislature.

In fact, neither the government nor the legislative council will have much real power. The military, under Khanh, continue to hold a watchdog position.

Representing the military on the new legislative council are Brig. Gen. Phan Xuan Chieu, currently ambassador to Taipei; the navy commander, Rear Adm. Chung Tan Cang; Col. Bui Quang Trach, Col. Doan Chi Khoan, Maj. Nguyen Phuc Que and Maj. Do Tan Cong.

Three men each represent the

Buddhists, the Roman Catholics, the Cao Dai sect and the Hoa Hao sect. Rounding out the council are two civilian politicians, Nguyen Lam Sanh and Phan Hoan.

FBI Seizes Four For Conspiracy To Blast Shrines

WASHINGTON (AP) — FBI agents seized four persons yesterday on charges of conspiring to blow up the Washington Monument, the Statue of Liberty and the Liberty Bell.

Agents arrested three Negro men and a white woman from Canada in New York City.

FBI Director J. Edgar Hoover said agents cooperating with New York City police seized a quantity of dynamite and blasting caps buried in a lot in the Bronx. He said the cache was a portion of the explosives being accumulated by the conspirators as part of their plot.

Those arrested were Robert S. Collier, 28; Walter A. Bove, 32; Khaleel S. Sayeed, 22, and Michelle Duclos, 28.

Saturn I Hurls 'Space Bird' Into Flight

CAPE KENNEDY, Fla. (AP)—A Saturn I super rocket, performing flawlessly, hurled a "space bird" satellite into orbit yesterday to measure meteors.

The space traveler's assignment was to measure and count the impacts with space debris and report back with electronic "squawks."

Soon after the launching word came from tracking stations that the satellite had unfolded its broad wings as planned, setting up a target to take and record the blows.

The satellite was a secondary goal of the launching. Its main purpose was to further evaluate the Saturn I, forerunner of the Saturn V rocket which is to take American astronauts to the moon. All tests of the Saturn were successful. The rocket was the first to carry an operating payload.
